3101264

3101263

New

Aluminium Hook Comfort Grip  
63.5 mm (2-1/2") opening

- Helps protect users hand
- Heavy-duty
- Ideal for cross-loading

3101709

model

# Single-Leg range (with triple action top steel carabiner)

Modified

3101265

3101461

models

These models now have a top triple action Carabiner that allows the conversion from a single to a twin-leg unit, still connected to the dorsal harness-D ring. This was a frequent customization that we have standardized.

# Single-Leg range (with fast connection system)

3101207

3101261

3101730

Connection under the web, let the D free for rescue

# Twin-Leg range

Twin-leg :  
Always  
connected
